## Java/Web Development

I am a recent graduate of the Cincy Code IT Java Bootcamp, an intensive, near 500 hour course, teaching full stack development. I attained Professional Scrum Master Certification during my time at Cincy Code IT. My deep passion for lifelong learning and creativity has informed my life both personally and professionally, from design and development to cooking to fiction to music; leading to my seeking active employment in a new career as a developer.

## Technical Proficiencies

**Front End:** Angular 5, jQuery, Bootstrap 4, TypeScript, JavaScript ES5/6, CSS 3, HTML 5

**Back End:** Spring (Boot, MVC, Web), Java 8/9, Maven, RESTful Web Services, Hibernate, JPA, JDBC

**Database:** SQL, MySQL

## Education and Certifications

- **Cincy Code IT, Max Technical Training-** 470+ hours of instruction, Scrum Certification
- **Ohio University-** B.S.S. in Narrative Structure for Theater, Film, Fiction, and Poetry
- **The Recording Workshop-** 300+ hours instruction in sound theory and audio engineering

## Projects and Technical Interests

- **Capstone-** This Purchase Request System is an enterprise level single page application that utilizes Angular 5 and Spring within that I built for my training at Cincy Code IT. My capstone project was selected for presentation on our graduation day.
- **Cincy DIY Writers Page-** Currently building a website for a local writer's group that I'm a member of.
- **Java Juniors Meetup-** I organized and currently run a group that aims to give new Java Developers a space to work on projects that drive and interest them, as well as offer tutoring to current bootcampers.
- **What I'm Learning-** I am teaching myself C# and video game programming through the use of Unity Game Engine, taking beginner courses in PHP and ReactJS, and sinking my teeth into whatever I can find!

## Employment History

**Jean Robert's Table – Garde Manger/Line Cook: Cincinnati, OH      2016-2018**

- High stress, fast-paced, high workload French fine-dining restaurant for one of the most well respected chefs in Cincinnati.
- Expected to maintain readiness, orderliness, cleanliness, and readiness of the Garde Manger station, and to work with the rest of the line to ensure that everyone is prepped for a smooth service.
- Oversaw and trained several junior employees during my time at Table.
- Implemented several organization and produce/ recipe prep methods that are still in use at Table.

**Jackie O's Pub and Brewery- Barback, Doorman: Athens, OH      2013-2016**

- Worked as a doorman, and then a barback and occasional overflow bartender at the premier brewery and pub of Athens, with wide scale distribution in Ohio and Northern Kentucky.
- Extremely fast-paced work environment where I was expected to maintain customer satisfaction and enjoyment, including dealing with unruly/over-served customers.

**Webb's Cutting Horses- Farm Hand: NSW, Australia      2012**

- A small farm in New South Wales, AUS, where I worked as a farm hand for a brief time while traveling abroad.
- Fed and watered all animals, and assisted with training in whichever ways were required of me.
